Professional Governance Act Transition | Repealed and Replaced Documents

The AIBC transitioned to the *Professional Governance Act* (PGA) on February 10, 2023. The AIBC's transition to the PGA necessitated a review of the Board Policies for PGA and Bylaw compliance, correct terminology and references, and updating where appropriate. The review also provided an opportunity to modernize and refine the policy suite.

In June 2024, following a comprehensive review to meet PGA and Bylaw requirements, the AIBC published modernized and refined Board Policies. The Board Policies establish the standards of organizational conduct that guide the direction, decisions, and conditions within which the Board and staff operate.

All of the updated Board Policies can be found on the **AIBC website**.
