

ARCHITECTURAL INSTITUTE OF BRITISH COLUMBIA

2019 Oral Review Schedule

Oral review rounds are offered at least three times per year. Please check the Internship website for the 2019 schedule of oral review and preparatory workshop dates. Applications for each round of reviews will only be accepted between the posted open and close dates. The same application form is valid for all rounds of oral reviews. Following the closing of the application period, AIBC staff will contact you to confirm your eligibility and scheduled oral review date, along with further information.

Around the beginning of each application round, announcements and reminders will be distributed by email in the monthly newsletter, *Connected*, and through notices. Should there be changes to the dates listed below, we will provide updates as early as possible. While the AIBC strives to schedule all received applicants in each round, we may not be able to accommodate every applicant due to limited space. If applications exceed available oral review panels, candidates will be prioritized based on their level of program completion. Additional dates may also be added.

A free Oral Review Preparation workshop will be hosted on a weekday evening prior to each round of Oral Reviews. Please refer to the Internship website (<http://internship.aibc.ca/requirements/oral-reviews/>) for more information about the scheduled workshops and to RSVP in advance. For more information please contact Belinda Chao, Admissions Coordinator, at bchao@aibc.ca.
